INSTITUTION VISION MISSION

VISION OF THE INSTITUTION

TO CREATE VALUE FOR STUDENTS AND OTHER STAKEHOLDERS BY CONTINUOUSLY STRIVING FOR THE HOLISTIC DEVELOPMENT OF STUDENTS TO ACHIEVE ACADEMIC EXCELLENCE BY DEVELOPING PROFESSIONAL COMPETENCIES AND SOCIAL RESPONSIBILITY.

MISSION OF THE INSTITUTION

M1: PROVIDE RELEVANT AND CONTEMPORARY KNOWLEDGE BY FACILITATING ACADEMIA-INDUSTRY INTERACTION AND ENHANCING ENGINEERING SKILLS.

M2: CREATE AN ATMOSPHERE OF VALUE BASED HOLISTIC DEVELOPMENT.

M3: INCULCATE SOCIAL RESPONSIBILITY AND ENTREPRENEURIAL SKILLS.

DEPARTMENT VISION MISSION

VISION OF THE DEPARTMENT

TO NURTURE AND DEVELOP A NEW GENERATION OF ELECTRICAL AND ELECTRONICS ENGINEERING PROFESSIONALS COMMITTED TO INNOVATION, SOCIETY AND CONTRIBUTING TOWARDS A BETTER AND SUSTAINABLE WORLD.

MISSION OF THE DEPARTMENT

M1: TO ESTABLISH STATE-OF-THE-ART LABORATORIES AND WELL-EQUIPPED LEARNING ENVIRONMENT THAT FOSTER EXPERIENTIAL LEARNING, INNOVATION, AND ACADEMIC EXCELLENCE.

M2: IMPLEMENT VALUE-BASED TEACHING AND LEARNING METHODS WITH EMPHASIS ON SUSTAINING THE ENVIRONMENT.

M3: TO INSTIL IN STUDENT'S ENTREPRENEURIAL SKILLS AND A STRONG COMMITMENT TO QUALITY EDUCATION FOR LONG-TERM SOCIETAL WELL-BEING.

POWER QUIZ – ENGINEERS’ DAY CELEBRATION

As part of the Engineers’ Day celebrations, a vibrant Power Quiz was conducted on 26th September 2024 in the Engineering Seminar Hall of Holy Grace Polytechnic College. The event was organized by the KSEB Officers’ Association, adding a dynamic and competitive spirit to the day’s proceedings.

The quiz brought together enthusiastic participants who showcased their knowledge of electrical engineering, power systems, and general technical awareness. With thought-provoking questions and engaging rounds, the competition tested not only academic understanding but also quick thinking and teamwork.

The atmosphere was charged with excitement as students competed passionately, reflecting the innovative spirit that Engineers’ Day embodies. The Power Quiz served as a platform for young engineers to challenge themselves, learn collaboratively, and celebrate the brilliance of engineering.

This event highlighted the commitment of the Department of Electrical and Electronics Engineering and the KSEB Officers’ Association to nurture technical excellence and inspire students to explore the vast world of engineering with curiosity and confidence.

EXPLORING THE BASICS OF ARDUINO

On 9th September 2024, the Department of Electrical and Electronics Engineering organized an engaging program on the Basics of Arduino in the S6 classroom. The session was coordinated by Mr. Jose K.J., Head of the Department, who ensured the smooth conduct of the event and encouraged student-led initiatives.

The technical class was presented by Mr. Roshan Joseph, a 3rd-year student of Electrical and Electronics Engineering, who demonstrated remarkable expertise and enthusiasm in introducing Arduino technology to his peers. His presentation covered the fundamental concepts of Arduino, its applications in electronics projects, and its role in fostering innovation and creativity among budding engineers.

The interactive nature of the session allowed participants to gain practical insights into programming and hardware integration, sparking curiosity and motivating them to explore further possibilities in embedded systems and automation.

This program highlighted the department’s commitment to nurturing student talent, peer learning, and hands-on exposure. By empowering students to take the lead in technical sessions, the department continues to cultivate confidence, innovation, and collaborative learning among its community.

The event was a memorable step in inspiring young engineers to embrace technology and apply their knowledge to real-world challenges.

ONAM CELEBRATION AT HOLY GRACE GROUP OF INSTITUTIONS

The Holy Grace Group of Institutions joyfully celebrated Onam on 12th and 13th September 2024, bringing together students, faculty, and staff in a vibrant display of tradition and unity. The two-day festivities transformed the campus into a hub of cultural richness, echoing the spirit of Kerala’s most cherished festival.

The celebration began with the creation of beautiful Pookkalam (floral carpets), symbolizing prosperity and harmony. Traditional music and dance performances added color and rhythm to the occasion, while students dressed in traditional attire brought authenticity and charm to the event.

A highlight of the celebration was the Onam Sadhya, the grand traditional feast served on banana leaves, which fostered a sense of togetherness and community. Various cultural programs, including Thiruvathira, folk songs, and games, showcased the talent and enthusiasm of the students, making the event both entertaining and memorable.

The Onam festivities at Holy Grace were not just a cultural showcase but also a reminder of the values of unity, joy, and inclusiveness. By embracing tradition while celebrating as one family, the institution reaffirmed its commitment to nurturing both academic excellence and cultural heritage.

The two-day celebration left everyone with cherished memories, reinforcing the message that Onam is not only about festivity but also about harmony, gratitude, and shared happiness.

ANTIRAGGING AWARENESS PROGRAM

On 6th September 2024, Holy Grace Polytechnic College organized an impactful Antiragging Awareness Class in the Engineering Seminar Hall at 9:45 AM. The program was coordinated by Mr. Edwin Joy Pullikottil, whose efforts ensured the smooth execution of this important initiative.

The session was led by Mr. Satheesh Asi, a respected officer from the Mala Police Department, who delivered a powerful and informative lecture on the significance of preventing ragging in educational institutions. His talk highlighted the legal consequences of ragging, the psychological impact on victims, and the collective responsibility of students to foster a safe and supportive campus environment.

Through his engaging presentation, Mr. Satheesh emphasized the importance of discipline, respect, and empathy in student life. The session encouraged students to stand united against ragging and to uphold the values of dignity and mutual respect.

INDEPENDENCE DAY CELEBRATION

Independence Day is not merely a date on the calendar; it is a reminder of the sacrifices, struggles, and unwavering spirit that gave birth to our nation's freedom. On 15th August, we come together to honor the visionaries and martyrs who dreamed of a sovereign India and dedicated their lives to achieving it.

At Holy Grace Polytechnic College, Mala, the Independence Day celebration was marked with pride and patriotism. The event began with the flag hoisting ceremony, symbolizing the unity and resilience of our country. The national anthem echoed through the campus, instilling a sense of belonging and reverence among all present.

The program included patriotic speeches, cultural performances, and reflections on the values of freedom and responsibility. Students highlighted the importance of nurturing discipline, innovation, and integrity as the true essence of independence in today's world.

ENGINEERS' DAY CELEBRATION

The Department of Electrical and Electronics Engineering at Holy Grace Polytechnic College proudly celebrated Engineers' Day on 26th September 2024. The event commenced at 10:00 AM in the Engineering Seminar Hall and was inaugurated by Mr. Velayudhan, Assistant Engineer, KSEB Substation, Mala. His presence and inspiring words set the tone for a day dedicated to honoring the legacy of engineers and their invaluable contributions to society.

As part of the celebration, the department organized a series of technical competitions that encouraged students to showcase their creativity, problem-solving skills, and technical expertise. These activities not only highlighted the innovative spirit of budding engineers but also fostered teamwork and healthy competition among participants.

HEALTH TALK

The Department of Electrical and Electronics Engineering of Holy Grace Polytechnic College, Mala, is proud to host a Health Talk on Healthy Habits on 10 October 2024 at the Seminar Hall. This enlightening session will be led by Shefi Rose, an accomplished Lifestyle Trainer, who has dedicated her career to guiding individuals toward balanced living and sustainable wellness practices.

In today's fast-paced world, cultivating healthy habits is not merely a choice but a necessity. The talk will emphasize the importance of daily routines that nurture both body and mind — from mindful eating and regular exercise to stress management and positive thinking. Students and faculty alike will benefit from practical insights into how small, consistent changes can lead to long-term health improvements.

The Department's initiative reflects its commitment to holistic education, recognizing that academic excellence must be complemented by physical and mental well-being. By organizing this program, the department aims to inspire participants to adopt healthier lifestyles that will enhance their productivity, resilience, and overall quality of life.
