VISION OF THE DEPARTMENT

To nurture and develop a new generation of Electrical and Electronics Engineering professionals committed to innovation, society and contributing towards a better and sustainable world.

MISSION OF THE DEPARTMENT

M1: To establish state-of-the-art laboratories and well-equipped learning environment that foster experiential learning, innovation, and academic excellence.

M2: Implement value-based teaching and learning methods with emphasis on sustaining the environment.

M3: To instil in student's entrepreneurial skills and a strong commitment to quality education for long-term societal well-being.

AWARENESS PROGRAM ON ENERGY USAGE

An enlightening Awareness Program on Energy Usage was conducted by Mr. Purushothama Panicker, a BEE-Certified Energy Auditor, on 25 May 2023 at 9:30 AM in the S6 Classroom of the Electrical and Electronics Engineering Department.

The session focused on the importance of efficient energy management and the role of engineers in promoting sustainable practices. Mr. Panicker emphasized how conscious energy usage not only reduces operational costs but also contributes significantly to environmental preservation.

DEPARTMENT ASSOCIATION INAUGURATION

The Electrical Department of Holy Grace Polytechnic College, Mala held its Association Inauguration in September. The event was inaugurated by Principal Mr. Sasikumar M G, who lit the traditional lamp and officially opened the program.

Teachers and students attended the ceremony, making it a memorable start to the department's activities for the year. The Principal encouraged students to take part in technical events and develop their skills. The program ended with a vote of thanks and applause from everyone present.

NEWSLETTER

READING DAY: The Electrical and Electronics Engineering Department proudly observed Reading Day with great enthusiasm, reaffirming the timeless value of books and the habit of reading. The celebration was held to honor the legacy of P.N. Panicker, the father of the library movement in Kerala, whose vision continues to inspire generations to embrace knowledge through reading.

FACULTY DEVELOPEMENT PROGRAM- RECENT TRENDS IN INDUSTRIAL AUTOMATION AND PLC-SCADA

The Electrical and Electronics Engineering Department successfully organized a Faculty Development Program on Recent Trends in Industrial Automation and PLC-SCADA. The program was designed to enhance the knowledge base of faculty members and equip them with the latest advancements in automation technologies that are reshaping modern industries.

The sessions provided an in-depth exploration of Programmable Logic Controllers (PLC) and Supervisory Control and Data Acquisition (SCADA) systems, emphasizing their critical role in industrial process control, monitoring, and efficiency improvement.

YOGA DAY CELEBRATION

On June 21, the Electrical and Electronics Engineering Department proudly celebrated International Yoga Day, an occasion dedicated to promoting health, harmony, and mindfulness. The event brought together students and faculty in a collective effort to embrace the ancient practice of yoga, which continues to be a guiding force for physical well-being and mental clarity.
